## Loomis Students Catalogue Old Windsor Burial Ground

*Special to The Hartford Times*  
 Windsor—A history teacher at the Loomis School here and 12 of his students have compiled a complete catalogue of 777 graves in the ancient burial ground of Palisado Cemetery.

The students started the complicated task more than a year ago. They proceeded slowly, marking one grave at a time by roping each plot. The index, plus a diagram showing the location of the graves, was given to the town manager's office.

In the ancient burial ground are the graves of the early settlers of Windsor and the oldest gravestone erected in New England, that of the Rev. Ephriam Huit, who died Sept. 4, 1644.

**THE GRAVE** of Nancy Toney, a slave who was born in 1795 and died Dec. 10, 1857, is in this section. This grave was of unusual interest to the students of the Loomis School as she was a servant in the family of Abigail Sherwood Chaffee Loomis, mother of the founders of the school.

Lloyd W. Fowles and his students have received the thanks of the Town Council for their work which was most timely as many of the gravestones are of the red sandstone type and are beginning to disintegrate. The burials recorded in the index cover a span of nearly 200 years. The index not only gives the names, but the year of birth, the date of death, the plot in which the burial took place and the type of gravestone.

In some cases, the last name of the same family was spelled differently on the gravestones such as "Allin" and "Allyn."  
 Descendants of some of the

early settlers of Windsor whose graves are in this section are still residents of the town.

**IN THIS PLOT** are buried 60 of the Allyn family; 50 by the name of Mather; Barber family, 45; Hayden, 43; Loomis, 34; Ellsworth, 31; Phelps, 30; Moore, 24; Thrall, 22; Bissell, 22; Drake, 18; Wilson, 16; Wolcott, 16; Eno, 15.

Other family names found on the gravestones include Adams, Alford, Andrus, Ball, Benton, Birge, Brown, Buckland, Burr, Carpenter, Chaffee, Chandler, Chapman, Cook, Corning, Daniel, Davis, Denslow, Dexter, Drake, Drusilla, Eggleston, Eliah, Elliott, Ely, Eno, Enos, Farnsworth, Filer, Filler, Filley, Fish, Fitch, Foote, Fox, Fuller, Fyler, Gardner, Gaylord, Gibbs, Gillett, Grant, Green, Griswold, Haskell, Hesllard, Hill, Hinsdale, Holcomb, Hooker, Horsford, Hoskins, Howard, Huges, Huit, Hunt.

Also Hute, Joy, Kirkbridge, Lomas, Luck, MacHenry, Mack, Manley, Mansfield, Marsh, Marshall, McLeon, Miller, Munsell, Needham, Nettleton, Newberry, Osborne, Owen, Palmer, Pease, Pickett, Porter, Presson, Prior, Richards, Roberts, Rodger, Rowell, Russell, Sanders, Selden, Sheldon, Sill, Simmons, Smith, Stiles, Stoughton, Strong, Swan, Talcott, Ware, Wareham, Warner, Watson, Welch, Westland, Whiting, Wing, Wodsworth, Young.

The students who did the work were George Edwards, John Hastings, Allan Hobson, Frederick Larmore, John Longstaff, Jose Loperena, Richard Lynn, Rial Ogden, Richard O'Mara, Edward Saunders, James Skinner and Robert Walsh.
