Vol. VII, No. 3

May, 1981

Tuesday, May 19th, at 8:00 p. m. is the date for our spring meeting. The speaker will be Charles B. Ferguson, Director of the New Britain Museum of American Art. The title of his talk is "Three Centuries of Connecticut Art" and will be illustrated with slides.

Dr. George L. M. Christopher, a member of the Society has indexed our entire collection of the "Town Crier" an early Windsor monthly newspaper. His research will help us enjoy a visit with old friends and neighbors on a trip down "Memory Lane."

The Library is featuring a display of old newspapers and periodicals.

The Town has taken action aimed at celebrating Windsor's 350th Anniversary on September 26, 1983. An Executive Committee of seven persons and a Committee of 50 have been appointed and have met several times to hear ideas and make plans for this big event!

Our president, Bob Silliman, is Chairman of this group and he tells us that plans are underway to form working committees for the various events by the middle of this month. The Committee will meet during the summer and report back with plans in the Fall.

Also in respect to the 350th Anniversary, your Society is making plans to produce a slide/sound presentation of Windsor's history up through the start of the Revolutionary War period. It is planned that this production will be completed in time to be used in the school system during the 1982-1983 school year as well as being available for public showing.

Guests are always welcome. See you on the 19th.
